**Animals** - Each program includes biofacts (animal-related artifacts such as furs, feathers, and skulls) to create a hands-on experience for participants. Please note: For their health and safety, we do not travel with live animals. On occasion, onsite classes may have a "special visitor" depending on the topic.

**Note on pricing:** Friends of the Zoo strives to keep program pricing accessible for our nonprofit and school customers through subsidizing the cost of the program via grants and operational support. The actual cost exceeds the published price of the program, so we are not able to offer any further discounts. Pricing is subject to change without notice. Please check before booking your program to confirm that there have not been any price changes.

Please note that we do not provide programming at private residence or party. If you are interested in scheduling a birthday party at the zoo, please contact our Sales and Events Coordinator at 315-435-8511 x 8589
